"The greatest purveyor of violence in the world today is my own government."

"The problems of racism, the problem of economic exploitation, and the problem of war are all tied together."

The way to honor Dr. King on his holiday weekend is to oppose the war on Iraq, as he opposed the Viet Nam War. Bush's aggressive war on Iraq could take tens of thousands of innocent lives and cost up to \$1.9 trillion. We say spend this money on housing, heating, food, education, and medical care including AIDS treatment and research.
